

CALL FORWARDING REMOTE ACTIVATION

How to Use Call Forwarding Remote Activation

1. Pick up the handset and listen for the dial tone.
2. Dial your local access code:
 - In the 717 area- dial the first three digits of your telephone number plus 9989.
 - In the 610 area- dial 610-856-9010, 610-369-9010, or 610-682-9010.
 - In the 570 area dial 522-1010 if calling locally and 570-522-1010 if calling from outside the 570 area code.
 - In the 814 area dial 272-9976, or 283-9976
3. Follow the voice instructions to enter your ten-digit phone number, followed by the personal identification number (PIN) that was assigned to you when you signed up for Call Forwarding Remote Activation. Then press #.
4.  To activate Call Forwarding, press *72; then press #.
5. Enter a "forward to" telephone number; then press #.
 - To confirm that the "forward to" number is correct, press 1.
 - If the number is not correct, press 2 to change the number.
 - To cancel, hang up.
6.  When you're ready to deactivate Call Forwarding, press *73; then press #.

Note: If you forget to deactivate Call Forwarding when you return to your phone, you'll be reminded when your phone makes one short ring each time a caller tries to reach you.
